OECD Forum 2006, Paris, 22 - 23 May 2006

The agenda of OECD Forum 2006?

- • Solving global economic imbalances
 - • Optimising the contribution of financial markets to economic growth
 - • Reaping the full benefits of technology and innovation
 - • Managing the successful integration of China and India into the world economy
 - • Creating jobs in the 21st century
 - • Ensuring that trade and investment are effective and ethical motors for development
- The website for OECD Forum 2007 will go live early December 2006. "BALANCING GLOBALISATION" The OECD Forum 2006 Highlights magazine has just been published. You may download the magazine or send a message to oced.forum@oced.org to receive a complimentary paper copy.
